## **MORA LAVA III**

Attractive modern proportions and form make for a centrepiece freestanding bath made from a unique mineral composite material. This particular design is only 140 cm long; making it perfect for those wanting contemporary looks in a smaller package.

A double-sided design allows bathing at either end, with a built-in overflow.

## About the collection

With a name that evokes the flowing mineral-rich qualities of volcanic rock. Made from a tactile, durable mineral composite with thermal insulating qualities, the Lava range combines harmonious, modern aesthetics with comfort.
